

CENTRAL DARLING SHIRE COUNCIL

MEDIA RELEASE

October 2022

Ideas invited to develop new Active Transport Plan

Central Darling Shire Council is developing a new Active Transport Plan aimed at improving the bicycle and pedestrian network. A major focus of the Active Transport Plan is to encourage greater participation in walking and cycling activities throughout the Shire, which can also lead to benefits in community health and wellbeing.

Residents are invited to contribute to the formation of the new Active Transport Plan with their ideas on walking, running and riding in the Central Darling Shire.

The formation of the Active Transport Plan is an important step in improving the pedestrian and cycling network. It will also provide communities with the infrastructure and facilities needed to deliver health, lifestyle and social benefits.

People are encouraged to be involved in the formation of this Plan to ensure that important community projects and improvements are considered. Interested groups and individuals are invited to complete a survey or attend a workshop to help deliver new and improved bicycle and pedestrian facilities in the Central Darling Shire.

An online survey is available on Council's website:

[Active Transport Plan for the Shire - have your say | Central Darling Shire Council \(nsw.gov.au\)](#)

Copies of the survey are also available at Council offices.

Workshops will be held next week as detailed below. Please note this will be weather dependent regards rain and road conditions.
