Water Restrictions – White Cliffs

Residents and visitors are advised that the following water restrictions will apply in White Cliffs, commencing Monday 3 March 2025.

Due to drought conditions, limited above ground storage and minimal rainfall expected, consumers are urged to minimise water usage.

Level 2 Restrictions are as follows:

- **Watering systems, non-fixed sprinklers, handheld hoses, micro sprays, drip systems, soaker hoses on Wednesdays, Fridays and Sundays only.**
- **Watering between 6am and 9am and 6pm and 9pm**
- **Washing vehicles by:**
 - (a) means of a bucket or watering can filled directly from a tap (and not by means of a hose); or
 - (b) By means of a trigger hose, used only for the purpose of wetting, and rinsing a vehicle after it has been washed; or
 - (c) To clean inside a tank of a tanker vehicle by means of a trigger hose, where such cleaning is necessary either to avoid contamination of the tanker's contents or to ensure public safety.
- **Construction Activities - water may only be used:**
 - (a) for the purpose of compaction by means of trigger hose.
 - (b) for the purpose of dust suppression.
- **Windows and building facades:**

By a bucket or watering can filled directly from a tap (and not by means of a hose) unless it is necessary to do so as a result of an accident, fire, or other emergency.

In cases of extreme hardship, Council will consider requests for exemptions. If an exemption is issued, it will end if a restriction level changes.

These restrictions are enforceable and penalties, including possible disconnection, will be imposed upon those who do not comply.
