Public Notice – Wilcannia, Filtered Water Supply Interruptions

Council would like to advise that the filtered water supply in Wilcannia will be interrupted next week.

This will occur on both Monday (April 3) and Wednesday (April 5) from 9am to 3pm.

The reason for the interruption is to allow for work related to valve replacements.

Council will do its best to minimise disruption times.

Thank you for your understanding while these important works are completed.

Kind Regards

Greg Hill
GENERAL MANAGER
