

CENTRAL DARLING SHIRE COUNCIL

September 13, 2023

Media Release

Council undertaking work at the Wilcannia Landfill site

Work is currently underway at the Wilcannia landfill site.

Central Darling Shire Council is working with the community and business owners to lead Wilcannia towards an efficiently operating landfill to make it more user friendly and help protect the environment and extend the life of the facility.

The project includes reshaping the landfill mass to provide an improved process for residents to dispose of waste.

The work will result in a more efficient access and dump off area. It will also improve operations and waste disposal.

An area has been set aside for residents to continue disposing of waste while the work is being carried out.

Council asks that people using the landfill site obey all signage, and for their own safety keep well clear of the work in progress.

Ends.
