

Central Darling Shire Council

Position vacant Utilities Engineer

Job Information

Planning, design and execution of works and services associated with the Shire's operations including water supply and treatment systems, water reticulation networks, sewerage systems, stormwater systems, waste operations and other Council activities.

Leading a small team of Water Operators across the Shire.

The benefits

- Permanent
- 70-hours per fortnight
- Salary starting from \$115k
- Commuter use vehicle
- Subsidised accommodation
- Superannuation
- Award allowances

Further Information

Applications Close 4pm on Tuesday 5 November 2024

Drawing upon your qualifications and experience, the key to your success will be your ability to manage the projects associated with the operation of water treatment plants within the Shire.

Experience in the management and/or design experience in roads, water, sewerage and waste infrastructure is essential.

A satisfactory National Police Clearance is a requirement of this position.
